FEARFUL TRAGEDY AT SEA

TITANIC SINKS—1200 LIVES LOST—MANY DISTINGUISHED PASSENGERS ON BOARD

New York, April 15.—More than 1,500 persons, it is feared, sank to the death early yesterday, when, within four hours after she crashed into an iceberg, the mammoth White Star liner Titanic, bound from Liverpool to New York, on her maiden voyage, went to the bottom of the Newfoundland banks.

Of the approximately 2,200 persons on board the giant liner, some of them of world wide prominence, only 866 are known to have been saved.

The White Star line office in New York, while keeping up hope to the last, were free to admit that there had been a "horrible loss of life."

Accepting the early estimates of the fatality list as accurate, the disaster is the greatest in the marine history of the world. Nearest approaching it in magnitude were the disasters to the steamer Atlantic in 1873 when 574 lives were lost, and to La Bourgoyne in 1898, with a fatality list of 571. Should it prove

that other liners, notably the Allan liners, Parisian and Virginian, had picked up others of passengers, the extent of the calamity would fortunately be greatly reduced. This hope still remains.

The vessel cost \$10,000,000 and was insured for \$5,000,000. Ten million dollars worth of jewellery went down with the vessel. Among the passengers were Chas. M. Hayes, President of the G.T.P., John Jacob Astor and wife, W. T. Stead and many others.

Red Deer Cricket Club

The first general meeting for 1912 of the Red Deer Cricket Club was held in the office of Messrs. Chapman & LaFrance, and presided over by Capt. Cottingham.

The attendance was rather small but very enthusiastic and hopeful of a very successful season.

The principal business of the evening was the selection of officers, with the following results:

Hon. Pres.—Capt. Cottingham.
Hon. Vice Pres.—Messrs. Botsford, G. A. Campbell, W. A. Cassels, T. A. Gaetz, H. Hussey, W. E. Lord, F. McLean, C. P. Moller, C. A. Julian-Sharman, A. T. Stephenson, R. B. Welliver, and S. Wilson.

Capt.—Lloyd-Williams.
Vice-Capt.—E. G. Johns.

Sec.—Pres.—A. Wood.
Selection Committee.—The Captain, Vice Captain, Rev. Moore, Messrs. E. G. Johns, H. E. White and the Secretary.

It was decided that the subscription should be the same as last year, viz: Town members \$3.00, country members \$1.00, hon. members \$1.00. A hearty vote of thanks was tendered to all who helped and supported the Club last year, and a cordial invitation given to everybody to show the same kind interest for their welfare during the approaching season.

Will any gentlemen wishing to join the Club, or anxious for any information with regard to it, communicate with A. Wood, Secretary, Box 611.

Natural History Society Banquet

The annual meeting of the Provincial Natural History Society will be held in assembly hall of the school at Red Deer on Friday, April 19th. Business meeting to be held at 3 p.m., which will be followed by a public lecture at 4.30 by Mr. Sanson, Curator of Banff Museum. This lecture is free to the public. Everybody interested in natural history will be heartily welcomed. The banquet at 8.30 will be given at the Olympia. Guests at the banquet will please present their invitation cards at the door.

Big Real Estate Deals

Latimer & Botterill purchased last week from W. H. Bawtinheimer the 25 feet used by Bawtinheimer & Son as a butcher shop, south of the Northern Crown Bank on Gaetz Ave., for \$13,000, or \$520 per foot. This is the highest price that has ever been paid for any property in Red Deer, and shows the trend of prices is steadily upward.

We are Sale Makers

We make **DEPENDABLE SALES**; **GOOD SALES**—Sales that make a profit for everybody concerned. We make good for the seller and give the buyer a fair chance.

We have made several good sales during the past few days, and have several good propositions which will prove to be sales this week. Here are some of them:

GAETZ AVE. NORTH.—Fifty feet adjoining North End Grocery and opposite Laurentia Milk Co. property. \$5500, on terms.

HOLT AVENUE, Block 5—Fifty feet, at \$150 per foot, on easy terms.

ROSS AVE.—Seventy-five feet immediately opposite City Buildings. \$240 per foot, on easy terms.

ROSS AVE. EAST.—Choice pair of Lots, high, dry and level, at \$1000 each, on terms.

BLOWERS ST.—Four Lots east of Overall Factory at \$1500 each, on terms. Will sell in pairs.

MORRISON ST.—One hundred feet close to corner of McKenzie Ave. \$40 per foot, on terms. Will sell in two parcels of fifty feet each.

We positively recommend all of the above as strictly gilt-edged.

"A Stranger in A Strange Land"

Dramatic Society's Great Hit

Once more the Red Deer Dramatic Society has scored a great success, and the large audiences at the performances Monday and Tuesday evenings were more than delighted with the excellent way in which the new farcical comedy, "A Stranger in A Strange Land," was staged and carried to a successful conclusion.

The scene of the play is laid near London, England, at the county seat of Mrs. Barton Holcombe, one of the noble families. A son of the family goes to America to start a ranch which, of course, he does not do. He has to have a large retinue to feed his cattle. His ranch is in Buffalo. He brings a full blooded Indian home with him, and the play begins. Miss Wellington, an American girl, also visits England at the same time and knows Jack Thorndyke. Jack loses his Indian and manufactures one out of a sweetheart of his sister. Nobody knows the difference. Then another woman turns up with Dr. John Boller. Nobody knows the difference.

A Scotland Yard detective is also disposed as an Indian by May Holcombe to ferret out a supposed crime. All the Indians appear the same, and keep turning up amazingly, until poor Chas. Dudley feels he is going crazy and the house is full of Indians. Alice Wellington gives Jack Thorndyke's deception away and all is made clear.

Before the play comes to pass, however, the original Indian, who steals everything he can lay his hands on, finds Chas. Dudley about to drink paria green and roughs him out, and while he is writing out a final farewell, drinks what he supposes a new kind of firewater. He goes off into convulsions, and then the three Indians come in and join in what they think is a new kind of war dance.

The parts were all taken with cleverness and ability. Mrs. R. C. Turner and Miss Sadie Smith being pleasant additions to the older members, both taking their parts well.

J. W. Hey, the stage manager, and business manager L. M. Gaetz are to be congratulated on the splendid success of the play, as it is much more pretentious than anything yet attempted by the Dramatic Society and reflects great credit on all concerned. The scenery was particularly good, being painted for the occasion by Messrs. Hey and Stone. The furniture was kindly loaned by E. G. Johns & Co., carpets by W. E. Lord Co., lights by Western General Electric Co. and music by Lyric

Orchestra. The anvil chorus by the orchestra was well played and worthy of notice. The cast of characters was as follows:

Mr. Chas. Dudley (Jack's uncle on his mother's side) Mr. J. W. Hey; Jack Thorndyke (proprietor of the cattle ranch) Mr. L. M. Gaetz; Dr. John Boller (Promoter of Boller's Indian Bitters) Mr. H. V. French; Mr. Neelan Goe; Arthur Lowe (a former college chum of Jack's) Mr. L. P. Page; Harrington (of Scotland Yard) Mr. V. L. Lloyd; Watson (Mrs. Holcombe's butler) Mr. W. C. Campbell; Alice Wellington (an American girl) Mrs. R. C. Turner; Mrs. Barton Holcombe (Jack's aunt on his father's side) Mrs. W. A. Cassels; May Holcombe (Mrs. Holcombe's daughter) Mrs. L. M. Gaetz; Grace Thorndyke (Jack Thorndyke's sister) Miss Sadie Smith.

AGRICULTURAL SOCIETY.

The Red Deer Agricultural Society has re-organized with a strong, vigorous and forward board of directors, and are going to make this year's exhibition a grand success if push and energy will do it.

The following officers were elected at the first meeting:

President.—W. E. Lord.
1st Vice President.—J. F. Day.
2nd Vice President.—A. D. McKenzie.
Sec.—Treas.—E. W. Borkland.
Auditor.—A. W. G. Allen.

Directors.—L. Eglekraut, D. Bethune, John Beattie, J. J. Richards, D. W. McKinnon, T. Cunningham, Jas. Bower, A. H. Hopworth, W. P. Code, G. W. Smith, A. H. Trimble and A. Gehrke.

A deputation, consisting of President Lord and Directors Smith and Bower, waited on the Council, Thursday, and asked for a grant of \$15,000 to build an exhibition building, cattle and horse sheds, grand stands, and to fix up the grounds.

They asked that the Council submit a by-law to the people for \$15,000, and they felt confident the citizens would vote for a fair worthy of the town of Red Deer. The deputation claimed there was nothing would advertise our town better than a show equal to anything in the province.

FRANK MOTT & SON, AUCTIONEERS

The Reliability Auction & Real Estate Office
GAETZ AVENUE NORTH.

HERE'S A GOOD BUY, if Sold at Once!

50 FEET ON GAETZ AVENUE, with good revenue producing premises therein as follows:—

Canadian Trade Prospects in China

To the Editor of The News.

Sir,—I was pleased to notice in a recent issue of your excellent paper a leading article devoted to the subject of Western Canadian trade prospects with China. As one who has paid considerable attention to China and the Chinese, and knows something about probable trade developments in that country, I trust that the remarks made in the beforementioned article will carry due weight with the business men of Red Deer district. Some time ago a munificent Lancashire manufacturer, with the view of facilitating British interests in China, presented a handsome sum of money for the foundation of a Chair of Chinese in the Victoria University, Manchester. Now, why should not Alberta do something in this direction? One of the chief necessities for the development of Canadian trade in China will undoubtedly be commercial men with a practical working knowledge of the Chinese language. With our considerable Chinese population there should be no difficulty in making arrangements in all the chief centres of population for the study of Chinese. Let the press of Alberta take up the question and let it exert its great influence to increase amongst our people an ever growing interest in China and the Chinese. If it will do this, not the least important result that may be looked for is a large participation in the immense trade developments shortly to be expected in the land of China. Yours, etc.,

R. YORKE, Jr., Ewatts.

Leslieville

The annual concert and social was held in the Bethel Union Church last Monday night and was a great success. There was a large attendance, over a hundred persons being present, the musical part being under the care of Mrs. Angus Martin. Frank Hall, of Pitoc, gave some of his taking songs, recitations by Miss Mildred Bradley and Lock McKinnon, Easter choruses by the I.A. Circle, readings by Miss Mabel Reilly and mouth organ and solos by Everett Foreman and John Gore, and a violin solo by Mr. Clements. Cake and coffee were provided by the ladies. Collection \$28.30.

Mrs. Fred Hart, who has been in Red Deer for the winter, returned home with her young daughter.

Mr. Archie is putting up a fine new house. Mr. Ralph Patterson has charge of the carpenter work.

Mr. and Mrs. Dan McLeod left for the States this week.

Rev. E. G. Heaven will preach in the Bethel Union Church the 2nd and 4th Sundays in the month at half past three o'clock, not four o'clock.

Albert Turton lost a large stack of timothy hay by prairie fire this week. There are quite a few prairie fires just now.

Miss Mildred Bradley is visiting Miss Bertha Reilly. Miss Theresa Brown, of Ekwille, is visiting Gertrude Reilly.

Oscar and Miss Beatrice Foreman are leaving for a trip to Calgary. Mrs. G. W. Bailey, who has been away for a few weeks, has returned home again.

John Gore left Monday for Red Deer. Johnny will be missed here he is always so cheerful and happy.

A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think; As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one speck of microbes has been found that Zam-Buk does not kill.

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or a skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few days the eczema was cured. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema. All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c stamp (to pay return postage). Address Zam-Buk Co., Toronto.

THE WESTERN PAINT CO. SASKATOON, CANADA

Condemn Government

Boards of Trade of Southern Alberta Believe South is Being Neglected

Lethbridge, April 10.—At a meeting of the executives of the associated boards of trade of Southern Alberta, held here this afternoon, resolutions were passed condemning the minister of agriculture, Hon. Dugan Marshall, and also the provincial government, it being alleged that they had failed to carry out promises regarding the development of the southern part of the province.

Senate Too Powerful

The Christian Guardian Believes that it Should Not be Able to Defy the Commons

Toronto, April 10.—The Christian Guardian in its issue today says: "It does seem an anomaly in this democratic country that any body of men should be able to defy popular opinion and render the verdict of the polls of no effect. Somehow the senate should be made, as the house of lords has been, amenable to the nation's wishes as expressed at the polls."

The Ladies of Red Deer May Now Have Beautiful Hair

Gaetz-Cornett Drug & Book Co. Have the Articles and Guarantees to Grow Hair, or Refund Your Money.

Gaetz-Cornett Drug & Book Co. backed up by the manufacturers of SALVIA, the Great Hair Grower, guarantee it to grow hair.

SALVIA destroys dandruff in ten days. The roots of the hair are so nourished and fed that a new crop of hair springs up, to the amazement and delight of the user. The hair is made soft and fluffy. Like all American preparations SALVIA is daintily performed. It is hard to find an actress who does not use SALVIA continually.

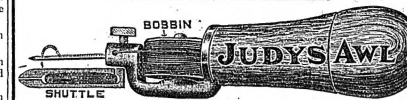

Ladies of society and influence use no other. SALVIA is a non-sticky preparation, and is the ladies' favorite. A large, generous bottle, 50c. The Grobelle Drug Co., St. Catharines, Canadian distributors.

The News

RED DEER - ALBERTA
PUBLISHED EVERY WEDNESDAY MORNING
AT THE NEWS BLOCK, CORNER SOUTH
JNO. A. CARSWELL, Editor and Proprietor
ADVERTISING RATES ON APPLICATION
WEDNESDAY, APRIL 17th, 1912

AN EXPLANATION.

"The Red Deer News declares that all Liberal papers are very stupid," says the Calgary Albertan. Perish the thought. There are always exceptions. Now there is nothing stupid about our dear, good old Mann Street contemporary, for instance. Did he not wish that Mr. Borden would get mad "good and plenty" at the wicked Senate and swat the ungaily bunch as they deserved? Oh, no, all the Liberal papers are not entirely stupid; it is only those who put on the hat because it fits that are stupid.

FOR A UNITED CANADA.

The Toronto News gives a very fair outline of the discontent in the west in the following remarks on the address by R. B. Bennett in that city a short time ago:

Before the Canadian Club Mr. R. B. Bennett, M.P. for Calgary, analyzed with telling effect the origins of Western discontent. First, it is a part of that world unrest which is to be seen upon every continent and in almost every country. Secondly, Western grain growers have some real grievances. Their last crop was badly frostbitten. Worse than this, existing transportation facilities proved insufficient to get their produce to market.

Why, was there this failure? Why is it that the prairie country is still dependent upon one all-the-year-out tie to the ocean and European markets? Why, indeed, in the face of the hundreds of millions of dollars poured out for new railways? Five years ago the country was promised the National Transcontinental and five years must elapse before the bridge across the St. Lawrence at Quebec can be finished. Mr. Bennett did not say so, but surely the Laurier Government was somewhat to blame for the delay. In the meantime Western wheat is to be diverted from the Grand Trunk Pacific at Cochrane to the American ports of Portland and Boston. Therefore men on the plains are asking why their grain should not cross the line at Western points as well. For himself, Mr. Bennett said he did not believe a new market was to be built up in a country which grew and exported the same products that Canada had to sell.

According to Mr. Bennett a third cause of discontent was this: The American farmers, who have flocked into Alberta and Saskatchewan, hail from the insular States of the American Union. In their own country they distrusted Wall Street and hated the Eastern interests. They came here ready to be prejudiced against the Province and manufacturers of Eastern Canada. Certain Canadian politicians and newspapers have taken advantage of this historic pre-disposition and have made it the basis of a campaign to set the West against the East. If other Canadians and Canadian journals do their duty the trouble makers will not succeed.

Westerners recognize that the country must have great revenues to carry on our great national undertakings, and they are willing to bear their full share of the burden. They looked to the proposed Tariff Commission to furnish a scientific basis

of taxation, but certain gentlemen in the Red Chamber have taken it upon themselves to say that the Commission shall not be created. It is sincerely to be hoped that the blockers and the promoters of internal strife may shortly come to their senses and cease their unpatriotic efforts.

Mr. Bennett dwelt upon the imperative necessity of an adequate naturalization law to prevent newcomers, ignorant of English and of Anglo-Saxon traditions, from obtaining the vote too easily, and holding the balance of power as they may easily do today in many constituencies. He wisely said that the situation offers to Canadian Clubs everywhere a splendid field for national service. These clubs should urge upon Parliament the passing of a law raising the standards of naturalization. They should make it their special work also to see that one history and one geography are uniformly taught in every province of Confederation. The rising generation must be imbued with British ideals and have their imaginations stimulated by British and Canadian history. If the Dominion is to realize its best potentialities, the newcomers and their children must learn the splendid value of Imperial citizenship, and the need of being prepared to defend it on land and sea. We must be a united people in a United Empire.

DAINGEROUS PREPARATIONS.

The department of inland revenue for some years has been conducting investigations into the various foods, medicines, etc., sold to the Canadian people. The publication of the findings has had much to do with the prevention of adulteration of foods. Of late these reports have dealt with the various patent medicines manufactured or sold in Canada. The Ottawa Citizen has the following interesting comment on the latest bulletin:

"An interesting report by Mr. A. McGill, chief analyst of the Dominion, on the subject of so-called 'headache powders,' has been published, and is particularly instructive in view of the great sale of these alleged remedies. Not only does Mr. McGill demonstrate legal violations in the preparation of these proprietary medicines, but in many cases he points out the gross danger to be apprehended from the taking of the various dangerous drugs which enter largely into the composition of these common 'cures.' In several instances headache preparations have been found by the analyst in the form of poisons or narcotics. This is, in fact, the subject of a dangerous innovation, indeed. With potent drugs disguised in such form, the great danger of excessive use is increased, while in the case of children the possibilities are particularly alarming."

"The Dominion analyst makes the statement that in many instances the proprietary or patent medicine is technically violated by the employment of the chemical term or name of the drug on the labels of headache mixtures. Instead of the common name or that usually employed by the general public, hence in such cases where ordinarily the purchaser would hesitate to buy a drug with the evil effects of which he may be acquainted in a general way, he is induced to take the mixture, while it conforms to the provisions of the act, in reality violates the law by substituting a technical term thereof. This is a dangerous precedent, as the omission of the name altogether, to the great majority of people. To remedy this, for such it is undoubtedly, Mr. McGill suggests an amendment to the present act calling for the printing in plain characters of the common name of the drugs in proprietary preparations."

In 150 samples analyzed Mr. McGill reports the fact that 88 made distinct claim to curative powers, these claims in most cases covering headache, affections, insomnia, neuralgia, nausea and other ills. All such statements, declares the analyst, are unwarranted and misleading, and should constitute a punishable offence under the act.

Sixty-two samples examined

showed an excess of the quantity of drug considered safe by those doctors who believe in drugs. Eleven samples contained a 'notable' excess, which means, of course, that they were particularly dangerous to the sufferer. In twenty-seven samples, a particularly potent drug limit, and a little in excess, is included. In no fewer than sixty-two samples the legal or 'safe' dose is quite doubled. Taking the limit as two grains of this drug, in each of nineteen samples were found five grains and in each of nine samples six grains!

SIFTON ADMITS TWO BYE-ELECTIONS WILL BE HELD DURING NEXT MONTH

Edmonton and Sturgeon to be Contested for Cabinet Appointments, But Premier Denies He Will Dare to Trust the Garstons People at the Polls.

In an interview granted at Calgary, it is said that Premier Sifton practically admitted that at least two provincial bye-elections will be held late in May.

The constituencies of Edmonton and Sturgeon are mentioned, the former to be opened to see if C. W. Cross will be returned again, if returned the portfolio of attorney-general, and the latter for J. R. Boyle, who is said to be slated for the portfolio of education or municipal affairs.

Premier Sifton has left Calgary for a week or ten days. He declared that neither has he got J. W. Wood's resignation as minister of Carleton, nor will that riding be thrown open in the bye-elections.

No mention was made of the Sedgewick riding, although in this city it is generally stated that cabinet rank awaits Charles Stewart, its present representative.

PLAYBALL

Agreement Signed

H. Chandler, Manager, Leaves for Coast to Pick Team

A small and very enthusiastic baseball meeting was held Friday night, at which President Gaetz and Secretary LaPrade of the Red Deer professional club and the agreement made between themselves and Henry Chandler as manager of the club and the league in reference to this season's team.

The meeting adopted the agreement as made and are well pleased with it, and feel that a very successful season can be looked forward to.

The meeting appointed a committee to see the town commissioners at once in regard to the cost of the exhibition park for the games, to have the diamond put in first class shape and a grandstand and bleachers of a permanent nature erected.

The agreement calls for from twenty-one to thirty games to be played here during the season, on Mondays and Tuesdays when possible, and as these reports have dealt with the evenings it will give everyone a chance to take in the games.

Henry Chandler spent Thursday in town making all arrangements to have the work done and has made a good impression among the fans. He feels confident that the Red Deer team will be a strong one, and left Friday for Seattle, where he will get his team picked by Bill Hurley. Chan. expects to have his team here by May 1 and have a few days' workout before the season opens.

Port Mann is Practically Sold

Toronto, Ont., April 11.—An official of the Canadian Northern railway company stated that the townsite of Port Mann had been practically all sold out and that in consequence the C.N.R. will survey about four hundred acres to the south of it, which will be laid out in building lots and thrown open for sale about two months from now. Since the sale of building lots in Port Mann commenced on March 1, over \$3,000,000 worth have been sold. During the first ten days of the sale, \$1,000,000 worth was sold. The survey work having been practically completed, the building of the two C.N.R. shops at Port Mann will be undertaken this spring.

We Recommend the following Buys:

LOTS

\$100 cash handles 37 1/2 ft. x 100 ft., Parkvale
Mann St., Lots at \$375, 1/2, 6, 12

CONSERVATIVES WILL ORGANIZE STRONGLY

Members of Party Throughout Province are Preparing for the Fray

Edmonton, April 12. General election or no general election, the Conservatives are organizing and nominating their candidates from one end of the province to the other.

Only a very few ridings are now left with candidates not formally nominated, and are engaged in preparing for the elections.

Within the last few days the Conservatives of Lethbridge have selected Geo. Curry as their standard bearer, and the Conservative of Sedgewick have chosen as their candidate W. J. Blair of Provost.

Close by, in the Camrose electoral district, the Conservatives have been active too, and strong and influential Conservative association of the district has been formed.

Interest at this time centres in the nomination by the Conservatives of the Sedgewick of W. J. Blair, for there should not be a general election without him.

Toronto Globe Boosts Red Deer

PROMINENT WRITE-UP FROM EASTERN JOURNAL

The following article appeared in the Western edition of the Toronto Globe, published on the 10th of April, relative to Red Deer:

It is estimated that at least twenty-five per cent. of Calgary's milk supply is now shipped in from Red Deer and the neighboring district. Edmonton is also drawing a considerable amount from the same source. Step by step Red Deer is taking first place in the Province as a producer of dairy products. Located practically half way between the cities of Calgary and Edmonton, it is far enough away from both centres to be capable of extensive growth and its citizens look forward to a prosperous future.

Dairying is favored by the presence of suitable pasture land, plenty of water, a favorable climate and necessary shelter for cattle. The market is fourfold, comprising the milk supply of the cities, local creameries and a new preserved milk industry, which will operate two plants, one at Red Deer and the other at Sylvan Lake, a few miles distant. Already some of the dairy herds in the Red Deer district have become famous, while an Englishman, C. A. Julian-Sharman, has a cow, Rosalind of Old Basins, which has the highest two-year record in Canada as a milk producer, and is expected to take the world's record this year for three years, consecutive.

With these considerations back of them, the people of Red Deer are confident that their district will develop considerably during the next few years as a producer of dairy products.

The town is banking strongly, and not without reason, on the construction of the Alberta Central Railway, the charter of which has been acquired by the C.P.R. This road is heading westward for the famous Yellowhead Pass, and it is expected that it will be completed as far as Rocky Mountain House this year. It is being built with a 4 degree throughout, which will make an easy haul to the Pass. Eastward the Alberta Central will probably link up with the Langdon branch of the C.P.R., ultimately giving a direct line from Moose Jaw to the Yellowhead through Red Deer. If, as is anticipated, the C.P.R. intend to make the Alberta Central a through line to the coast, it will serve as another feeder for the Panama Canal route, tapping the district lying between Calgary and Edmonton.

The Canadian Northern are also active in the Red Deer district and are now grading their Edmonton-Calgary branch into the town. They also plan to run a line west to open up adjacent territory and reach the Brazeau coal area, where there is an extensive deposit of the best of coal. Work on this line is also in progress.

Another project which the town has in view is a system of radial lines by means of which milk and other dairy products may be brought in to the market and shipped expeditiously. Promoters have been figuring on the scheme, and it looks as if it would receive favorable consideration. All this construction work radiating from Red Deer will insure the prosperity and growth of the town for the next few years.

Industrially there is not much doing as yet. Clay deposits are a feature of the district and two brick yards are being operated. One of these is now extending its plant and will make cement, pressed brick and tiles. The Great West Lumber Company has a mill near the town, which is being equipped with new machinery to double its capacity. The Laurentian Milk Company, 51 place d'union of the stock of which has been subscribed locally, is erecting a plant to manufacture a brand of preserved milk. The same company has branches in these factories in the neighborhood.

The opening up of the country surrounding Red Deer has induced at least a number of business men into wholesale business. The town now boasts a wholesale dry goods establishment, started last fall. That this is the beginning of a development in this direction is regarded as certain, and other jobbing houses will likely spring into being as a result.

From the residential standpoint Red Deer possesses several qualifications. It is well situated, with a rim of hills surrounding the town, affording pleasant sites for homes. An excellent class of people have taken up their residence in the town, insuring commercial and financial stability.

During the winter the real estate market has been quiet, with prices holding firm and steadily rising. The fact that Red Deer is the largest point between Calgary and Edmonton, coupled with the development in dairying and mixed farming and the railroad construction, make the situation extremely favorable for the careful investor. Another noteworthy feature in the Red Deer situation is the good condition of the farmer financially. Notes are being met as well as in any year in the past. This is accounted for by the fact that the farmers are independent of the grain market and are making money in stock and mixed farming.

Bawtinheimer AND SONS

Beg to announce that they have SOLD their MEAT BUSINESS to Mr. Frank Michener, and take this opportunity to thank their many customers for the kind patronage they have had extended to them.

Mr. MICHENER

intends to move the Business to his present Shop. Bawtinheimer's Shop will be CLOSED after the 20th of April.

Importation of Horses

Mr. GEO. F. ROOT, of Water Glen, has arrived at Ponoka with

14 registered Percherons, and one Shire Stallion.

There are 9 Percheron Mares, and 5 Stallions.

This is the largest and best importation that Mr. Root has made. And as Mr. Root personally selects each horse, their quality and soundness can be guaranteed. He buys them at the low dollars for cash, has no partners to divide profits with, employs no expensive salesmen, pays no Bank interest, keeps them on his Hawkey Ranch under natural conditions, and where feed is plentiful and cheap. He sells every horse himself, and is satisfied with one small profit.

The Percherons are Black and Grey, from 2 to 5 years old, and weigh up to 1,940 lbs., and are priced from \$500. to \$1,000, nothing higher. Some of these horses carry a U. S. certificate for soundness, and a 80 per cent breeding guarantee goes with every horse.

The Shire is a big heavy boned 3 years old, and will make a show horse, and is priced at \$750.

These horses are all Registered in the American and Dominion records. Prospective buyers should see Mr. Root's horses before buying, as they are very cheap, quality considered.

They will be right at Ponoka until April 10th., after that date, at the Hawkey Ranch, Water Glen, Alta.

Mr. Root also has a few GOOD GELDINGS and MARES for SALE.

McLEAN BROS.

THE TOWN COUNCIL

The regular meeting of the Town Council was held Thursday evening last, His Worship Mayor R. B. Welliver in the chair, and Councilors Byers, Malcolm, Galbraith and Botterill in attendance.

COMMUNICATIONS.

Bassano asked for copies of by-law.

Hardisty asked for milk regulations. Filed.

Vermilion asked for by-law. Filed.

The Cricket Club thanked the Council for grounds last year, and asked for privilege to play on exhibition grounds this year, from Hon. Sec. Woods. Granted.

The Cement Builders, Limited, asked for a hydrant near their yards as they had put up some expensive buildings and would like fire protection.

The fire chief reported that the Smith Land Co. offered to donate two lots for a fire hall site in their subdivision, and Mr. Wylie also offered two lots in Englewood for the same purpose.

On motion of Councilors Galbraith and Malcolm, referred to Commissioners to report on at next meeting.

The Cement Builders, Limited, asked that First Avenue S.W. be widened southward to Victoria Street this year.

Commissioner Stephenson reported that it would be necessary to open said street through a portion of the townsite now not subdivided. This would be impossible unless we expropriated said land, which would not be wise at the present time. He said Mr. Murria was not aware of the hydrant on Victoria street when he wrote the Council, and he said this hydrant was put there on purpose to serve the purpose for which the company asked.

AGRICULTURAL DEPUTATION. Messrs. W. E. Lord, Jas. Bower, and G. W. Smith were a deputation that waited upon the Council, asking for certain extensions to the exhibition grounds west to the C.N.R. tracks, taking in about three acres, the removal of the present buildings to the north end of the grounds, erection of a large domestic building, or at least part of it, exhibition buildings for horses and pigs, and fitting up the present buildings for cattle.

W. E. Lord, president of the Agricultural Society, laid plans of the proposed buildings and improvements before the Council and made a strong appeal in support of the undertaking. He had gone to Calgary and studied the construction of buildings there and size of grounds, and was convinced we could have just as good buildings and as well laid out grounds in Red Deer as in the southern town. He urged that a by-law be submitted to the people to

defray the expenses of these suggested improvements. He thought the expenses would be within \$15,000 and felt sure the people would pass the by-law. We would then have the nucleus of a show equal to anything in the provinces.

Mr. Smith contended that we must make an effort and lay out money to furnish accommodation for exhibitors. If we do we will have a good show, coming next to Calgary and Edmonton shows. He felt if the expense asked was laid before the ratepayers they would vote the money asked. Mr. Smith thought we would be in a circuit pretty much in line with Calgary and Edmonton fairs.

Mr. Lord said he was writing Mr. Lewis, asking if it was possible to get a date for fair attractions on a line with other places. Mr. Lewis is secretary of the provincial fairs association.

James Bower agreed with what Mr. Lord had said, and felt the buildings asked for were needed and would greatly add to the show. The great drawback in the past has been that there was not sufficient accommodation for stock. He believed every proposed building would be filled with stock the first fair held. One exhibitor said he could fill every building on the grounds now himself. He felt the expense was warranted and would pay as an advertising medium.

The Mayor said the deputation had laid a large order before the Council, yet he felt the Council could deal with it. There would have to be two new bridges and a road would have to be closed if the arrangements were completed by the Council, especially this season. It would need considerable exertion at least. He was glad to see the advanced ideas laid down by the deputation, especially the class of buildings brought before the Council, and he favored laying the scheme before the people.

All members of the Council present expressed their view in favor of submitting a by-law to the ratepayers to raise funds for the desired forward move for a first class exhibition at Red Deer.

THE BRIDGE GRANT. G. W. Smith addressed the Council, asking for aid from the Council towards a bridge over the C. & E. on the line road on the south border of the town. At present the road crossing the railroad was often stopped up with shunting trains and there was certain danger to the travelling public. The bridge would be 22 feet high, and he submitted a plan drawn up by Mr. Dawe. It would be built as strong as a government bridge, and would take a railway train travelling at 30 miles an hour. The cost would be about \$5,000. It might benefit him or it might not, yet he was willing to pay his share of the expense. The Department of Public Works had

been approached, and he thought they would help in the enterprise if the people helped. The L.I.D. had offered to help and he would give \$1,000, while other property owners would help. He thought the government would pay half. He thought the Public Works Department would undertake the building of the bridge. If the Council would grant \$1,000 he would undertake the construction of the bridge if the government paid their share. It would be 500 feet.

The Mayor said if the town could have a first class bridge built for the small sum of \$1,000, he thought it would be good business, as West Red Deer will no doubt come into the town and this bridge would be of great help to us then. He felt if the present entrance to the town was thoroughly repaired the majority of the people would still come in on it.

The Council expressed themselves as favorable to the grant if it was perfectly legal.

COMMISSIONERS' REPORT. The Commissioners brought in the following report:

The assessment has been completed and all notices posted. Your wishes were followed in the basis of assessment. The town assessment is as follows:

Land	\$4,026,825
Personal	260,500
Total	\$4,287,325
Less exemptions	530,300
Net assessment	\$3,757,025

Net school assessment

On March 30th samples of milk and cream sold in town were tested by the officials in charge of the dairy school here, results were as follows: Trimble Bros.—Milk, No. 1 sample, 2.6; milk, No. 2 sample, 6.5; cream, 23.7.

Some of these samples are away below the standard required by the Provincial Health Act and the Dominion Pure Foods Act. We have also had complaints of sour cream having been sold by Trimble Bros.

On March 30th we attended a meeting of the Council of the Local Improvement Districts and requested them to make a grant of \$1,000 to assist in fixing the Michener hill to the east of town. We have not been informed of their decision in the matter.

We have called for tenders for the Local Improvement debentures up to the 15th inst. We recommend that we be authorized to accept the highest tender unless the price offered is very poor. As the debenture market is in very poor condition at present, we do not anticipate a very high offer for these. There are no signs of improvement, however, so there is little to be gained by holding them for better prices.

The work on the street grades is completed and plotted on the plans. We are now in a position to give street grades on most of the streets in town.

We called for tenders for lumber

for 1912 supply, and received the following: Great West Lumber Co.—2 x 4, 2 x 6, 2 x 8, \$10.00; 2 x 10, 2 x 12, \$20.00; 2 x 4, 2 x 6, 2 x 8, \$8.25; 2 x 10, 2 x 12, \$12.00; W. M. Jarvis—2 x 4 to 2 x 8, \$20.00.

We accepted, subject to your approval, the tender of the Great West Lumber Company, as their's was the lowest.

The committee appointed by you to engage another policeman met on the 2nd inst. and engaged Mr. Crane at \$65 per month.

We submit herewith summons served on the town in the case Cameron vs. Town of Red Deer and Jas. Gaetz.

Next week we hope to complete our report on estimates for the year. This will be submitted to you for consideration as soon as ready.

We submit herewith statement of receipts and disbursements for the month of March.

Regarding the opening of Stewart Street from Poplar Street to Waskason, on which we were asked to report, we beg to submit the following information. It will be necessary to purchase lot 6, block 6, Woodlea, owned by J. Baird, Senior. There is a small house on this lot, which would come about in the centre of the road. Mr. Baird verbally asked \$3,000 for the property. The lot is assessed for \$800 and the improvements are worth about \$300. From Poplar Street a lane runs to the rear of lot 6, block 6, 20 feet wide. It will be necessary to either purchase a strip from lot 20, Poplar Bakery, Gaetz Avenue North, or to take a strip of lot 19, owned by Mrs. A. C. Cooke. If a strip is taken from lot 20 it will necessitate moving Mr. Baird's house. A strip from lot 19 would not interfere with the house at all. These last two lots are assessed for \$1,000 each or a little over \$13 per foot. It will likely be necessary to take expropriation proceedings to get the property if you desire to have the street open. If it is your wish we will ascertain definitely just what it will cost.

We submit accounts for your authorization to pay. There is an account from the hospital for attendance to Thos. Munshaw. You will have to decide if the town should pay this account in view of the fact that the town made annual grants to the hospital.

All of which is respectfully submitted.

A. T. STEPHENSON,
R. B. WELLIVER,
Commissioners.

With regard to the summons in the cattle weighing case, Cameron vs. Town of Red Deer and Jas. Gaetz, the solicitor was instructed to defend the case.

The Commissioners' report was adopted without amendment.

The following accounts were accepted and ordered to be paid:

ACCOUNTS.
Wage sheet March 10th-65, Day Hardware Co. 34.32, Finance Publishers, Ltd. 2.00, Best Bros. 1.25, J. J. Crutcher 2.00, Western Gen. Elect. Co. 21.97, Western Gen. Elect.

Co. 135.00, Smith & Gaetz 4.95, Seymour & Dawe 50.00, The Douglas Co. Ltd. 2.50, Western Gen. Elect. Co. 625.00, Town of Red Deer 17.05, H. Harvey 10.80, Black & Robertson, 10.00, Alberta Pacific Elevator Co. 1.10, Gaetz-Cornett Drug Co. 3.95, Western Gen. Elect. Co. 55, Western Gen. Elect. Co. 79.75, Baird & McKenzie 1.20, W. Springbett 18.35, Western Gen. Elect. Co. 401.79; Western Gen. Elect. Co. 375.00.

Council adjourned at 11 o'clock to this Wednesday evening at 8 o'clock.

Local Improvement District 19-T-4

The Council of L.I.D. 19-T-4 met
in the Oddfellows' Hall, Red Deer, on
6th April, with all members
present. The following correspondence
was read:

From Dept. Municipal Affairs re
arrangements of taxes on that portion of
the district taken into the town of
Red Deer last fall, advising the making
of some arrangement for collection
by the town. Councillor McConell
advised that the Council had appointed a committee to confer with the
town commissioner on the matter.

Letter from Department Municipal
Affairs re amendments to the L. I.
Act. Secretary asked to write for
further information.

From Department of Agriculture re
appointment of road inspector.
No action taken.

From E. Michener, M.P.P., acknowledging receipt of request for bridges
asked for.

From Bolduan's Poison Grain re
poison for gophers. No action taken.

On motion Reay and McConnell,
McKinnon, McConnell and Field were
appointed a committee to look over
the proposed work of Red Deer.
The Secretary was authorized to
notify parties interested to
meet the committee at the Waskasoo
school on Saturday, 13th April, at
2 p.m.

The Secretary was authorized to
write the Deputy Minister of Municipal
Affairs for further information re
formation of municipality.

On motion Reay and McConnell,
the expenditure for each division was
limited to \$5.00 per quarter
section, this to include culverts and
all other expenses.

Mr. B. J. Wade asked for work on
the township line between townships
37-26 and 37-27. The Council will
undertake work here this summer.

On motion McConnell and Ross, it
was resolved that this Council make
a grant of \$500.00 to the proposed
high level bridge between Sess. 8 and
17, 38-27, the said grant to be paid
to the Department of Public Works
as soon as the bridge is completed
according to the plans submitted by
G. W. Smith, and that the Chairman
and Secretary sign an agreement in
accordance with this resolution. Carried.

The Secretary was authorized to
buy two scrapers for Mr. Field's
division.

The Department of Public Works
will be asked to build a small
bridge near Mr. Metcalfe's place, be-
tween Sess. 35 and 36, 37-27.

On motion Messrs. Reay and Ross,
Messrs. McConnell and Field were
appointed a committee to look over
the proposed road between Sess. 23
and 33, 37-26, with a view of
opening up the same.

Meeting adjourned to meet at the
call of the Secretary.

W. P. CODE, Sec'y-Treas.

MI-O-NA

Relieves Stomach Misery Almost Im-
mediately.

If the food you ate at your last
meal did not digest, but laid for a
long time like a lump in your stomach,
then you have indigestion and quick
action should be taken.

Of course there are many other
symptoms of indigestion, such as
belching up of sour food, heartburn,
dizziness, shortness of breath and
foul breath, and if you have any of
them, your stomach is out of order
and should be corrected.

MI-O-NA has cured thousands
of cases of indigestion and
stomach trouble. If you have any
stomach distress, MI-O-NA will relieve
instantly.

But MI-O-NA, unlike most so-called
dyspepsia remedies, does more than
relieve; it permanently cures dys-
pepsia or any stomach trouble by
putting energy and strength into the
walls of the stomach, where the
gastric juices are produced.

A large box of MI-O-NA tablets
costs but 50 cents at Gaetz-Corbett
Drug & Book Co. and are guaranteed
to cure or money back. When others
fail, MI-O-NA cures. It is a product of
flesh when the body is thin; it
cleanses the stomach and bowels;
purifies the blood and makes rich red
blood.

Administrative Changes

Hon. Robert Rogers, in Addition to
His Other Duties, is Now Minister
of Mines in Federal Government.

Ottawa, Ont., April 2.—Important
administrative changes were made by
the cabinet in a brief council meet-
ing held this afternoon. No less
than three steps were taken toward
the reorganization of departments.

The department of mines, which
since its establishment has been under
the control of the minister of
mineral revenue, has been placed un-
der the control of Hon. R. Rogers,
who adds to his present titles of
minister of the interior and superin-
tendent-general of Indian affairs,
that of minister of mines. Census
statistics and the registration of
the department of agriculture. Those
services now go to the trade and
commerce department. Dr. A. G.
Bouchery, architect, whose depart-
ment has recently been placed under
the secretary of state is given the
rank and salary of a deputy minister.

Another vacancy in the senate has
arisen through the failure of
Senator Sullivan of Kingston to
attend for two consecutive sessions.
Mr. Sullivan, who is an aged and
has been in poor health for some
time. No early move to fill the
vacancy need be expected, but it is
almost certain that the Hon.
George Gordon will become Mr. Sul-
livan's successor. Mr. Gordon was
the member of parliament for Nir-
rauk and made way for the Hon.
Mr. Cuthbertson in the latter's ac-
ceptance of the portfolio of railways and
canals.

Three judgeships authorized by the
legislation of last session were filled
at the cabinet council today. Alex.
Hagerty, ex-M.P.P. for Winnipeg, be-
comes Justice of the Manitoba court
of appeals; W. L. Walsh, K.C., of
Calgary, goes to the supreme court
of Alberta; and Hector Chappin, K.
C. of Hull, becomes of the new judicial
district of L'Abbaye in Quebec.

Judge Chauvin is a brother-in-law of
Henri Bourassa. He was the Con-
servative candidate in L'Abbaye in
1906.

Creamery Buttermakers' Short Course Dairy School Held at Red Deer

(Crowded out last week)

The following is a synopsis of the
work put on at the Short Course
Dairy School during the two weeks
ending March 30th.

By Dr. Lehmann.—Chemistry, as
applied to milk, acids, fats, lime,
salt, etc. Acidity, game, demon-
strations with Earrington's Tablet
Solution, etc.

By Dr. Revell.—Bacteriology. Na-
ture of bacteria, growth, character-
istics. Game practical demonstra-
tions in the development of
bacterial growth on plate.

By C. Marker.—Markets and mar-
keting of dairy products. Payment on
the basis of quality and advantage
of such system. Results of last year
work in the grading of cream and
butter. Dairy legislation, etc.

Creamery economics.
By Geo. W. Scott.—The Babcock
test, and sampling cream. Composite
sampling of cream. Testing cream.
Testing milk. Acidity. Testing
butter for moisture content. Testing
for acidity of milk.

By H. S. Pearson.—Composition of
milk. Sanitary production of milk.
Developing cultures. Pasteurizing
cream. Ripening cream. Churning.
Printing and packing butter. Cream-
ery sanitation. Grading cream and
butter. Creamery records, etc. Sepa-
rators and separation. Dairy in-
spection.

By J. R. Flem.—Steam boiler set-
ting. Care of boiler and engine.
Steam engineering. Care of valves,
pumps and injectors. Setting engine
valves. Soldering, etc.

The following are the students in
attendance: M. Nade, Manville; R.
H. McKinnon, Elkton; A. McLean, Rim-
by; J. Henderson, Camrose; M. B.
Latam, Red Deer; J. Viorier, Riviere
Qui Barre; A. Carron, Riviere Qui
Barre; F. J. Harvill, High River;
J. Ormson, Ryley; Mr. N. Nicol-
aef, Nelson, B.C.; Mrs. N. Nicol-
aef, Nelson, B.C.

A number of visitors were also
present at different times during the
course.

Canada Lifts Embargo on British Live Stock

Ottawa, April 4.—The Canadian
government has decided to lift the
embargo on British cattle, sheep and
swine placed upon them early
last summer, and notice to that
effect has been sent to England.

The embargo was placed upon receipt
of information that the dreaded foot
and mouth disease had broken out in
England. Subsequent reports showed
the disease to be present in more
than one locality in the sheep and
cattle raising counties of Great
Britain and the embargo against
importations of sheep and swine has
since been rigidly enforced by the
veterinary department of agriculture ever since.

Advices recently received show that
the efforts to stamp out the disease
in the Old Country have been suc-
cessful.

There is probably more trashy stuff
sold in the baking powder line than
in any other line. Most of it con-
tains large quantities of alum. To
avoid the use of this dangerous acid,
see that all ingredients are plainly
labeled in English on the package.
The words "No Alum" on the pack-
age or in an Ad. is not sufficient.

CAMP FOR TEACHERS

A Six Week's Course in Physical
and Military Training.

A six weeks' course in Physical
and Military Training for Teachers
will be given in Calgary this year,
beginning during the first week of
July.

In order that the teachers will
have the opportunity of observing
Cadet Corps in training, the Cadets
of the district will also go into
camp for a few days during the first
week of the Teachers' Course.

The teachers will receive pay at
the rate of \$1.00 per day, and in
addition will receive rations at the
regular rate and quality as is sup-
plied to the troops under canvas.
Formerly a subsistence allowance of
\$1.00 per day was given, but this
year the rations will be allowed in
lieu of the monetary allowance. The
usual blankets will be provided, but
it will be optional with teachers to
provide cots for themselves.

As the number is strictly limited
to forty teachers, those desirous of
taking advantage of the course
should forward their applications
immediately, either to Col. E. A.
Cruikshank, or to Mr. J. H. MacKenzie,
commanding at Calgary, or to D. S.
MacKenzie, Deputy Minister of Edu-
cation, Edmonton.

Shall We Observe "Mother's Day"?

Mother's Day is the second Sunday
in May, annually, this year May
10th. The general object of
Mother's Day is to stimulate ob-
servance in every part of the world
to exalt motherhood and home in a
way that will add to personal, domes-
tic and national uplift.

It is a thank offering of grateful
sons and daughters of all lands for
the mothers and fathers whose good-
ness has blessed their lives.

It is a personal day—"possessive
singular."

It is not a day for you to honor
the mother and father of some great
man in history, but a day for you to
honor those of your home—especially
the mother who in your heart is
"the best mother who ever lived."

It is a day for men and women—
"big men and girls"—as sons and
daughters to give themselves by
showing their gratitude to parents
who watched over them with tender
care in childhood days.

Mother's Day is for everybody, and
it is desired that it have the interest
of all fraternal, military, business,
social, civic, educational, and other
organizations, as well as all persons
who honor the home, or a mother.

While Mother's Day is free as to its
celebration for all, it is not free for
any person who would raise funds
through it for their own special in-
terests. It would be impossible for
any movement, to exist if its popu-
larity is to be used by all classes of
people and societies to raise funds
for various charities and their own
advantage. It is hoped that every
friend of Mother's Day will protect
it from these trespassers.

The white carnation is the chosen
emblem of the day, because it may
be thought to typify some of the
virtues of motherhood. Its whiteness
stands for purity; its form, beauty;
its fragrance, love; its wide field of
growth, charity; its lasting qual-
ities, fidelity.

The manner of observing Mother's
Day is left to every one's own heart
in the suggestion: "Live this day as
your mother would have you live it."

Don't try to be "an earthly
saint," but just the "big boy" or
"girl" your mother believes you are.

Every person is asked to wear a
white carnation—or his or her
favorite flower—on Mother's Day,
as a filial honor badge.

If possible, have your mother and father
as your guest of honor this Mother's
Day, or go home and visit in a way
which will make this a day of
pleasure to them.

If you cannot do this, through let-
ter, gift, or gift, stamp the day with
kindness.

It is this a "memorial day" for you,
reverence it as such in your own best
way—it is not for any one to tell
you how.

"The idea of Mother's Day is not
idle sentimentalism. It has well
been called 'the highest bit of practical
sentiment that has ever taken
hold on the hearts of men.' An
organized tribute to mother's love
resolves itself into an organized trib-
ute to mother's law, and the recog-
nition of mother's law means love
for country, for comrades and for
God."

Let every one, through co-opera-
tion with the Mother's Day Inter-
national Association, 2301 North
Twelfth Street, Philadelphia, Pa.,
help to make the second Sunday of
May, 1912, a great home day, a day
of family reunions, of observance by
all organizations by every class, and
of personal and national uplift.

Further suggestions, and informa-
tion regarding official programs for
churches, Sunday Schools, and
societies, official badges, buttons,
decorations, etc., may be had by
applying to the Alberta Sunday
School Association, 236 Eighth Ave.,
West, Calgary, Alta.

Has a Record for Growing Hair

Machela, Nature's Scalp Tonic, will
do it in 25 cases out of 100. It is the
only medicine ever discovered that
is similar to the natural hair foods
or liquids of the scalp. Removes
dandruff, itching, itching, itching,
and all other diseases of the scalp.
Each package contains a packet of
Machela Dry Shampoo Powder. Price
per complete home treatment, \$1.00.
Sold and guaranteed by G. B.
Parker.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of
curing eczema through the blood has
been given up by scientists, many
different salves have been tried for
skin diseases, but it has been found
that these salves only clog the pores
and cannot penetrate to the inner
skin below the epidermis where the
eczema germs are lodged.

This—the quality of penetrating—
probably explains the tremendous
success of the well known liquid
eczema remedy, oil of wintergreen,
thymol, glycerine, etc., as com-
pounded in D.D.D. Prescription.

We have sold other remedies for
skin troubles but none that we can
recommend as highly as this for we
know that D.D.D. stops the itch at
once.

Of course other druggists have D.
D.D. Prescription to them if you
can't come to us—but don't accept
some big profit substitute.

But if you come to our store, we
can tell you all about D.D.D. Pre-
scription and how it cures eczema,
because we have had the agency for
so long.

Or you can get a free trial bottle
by writing the D.D.D. Laboratories,
49 Colborne St., Toronto.

GAETZ-CORRETT DRUG & BOOK CO.

Eckville Notes

April 5, 1912.
Telegraph poles along the C. N. R.
are up as far as the bridge.

Lachie Martin was a visitor here
last week.

Theresa Brown is visiting friends
at Leslieville this week.

G. M. Della and McNally made a
business trip to Red Deer this week.
Winter breaking up left the roads
in a bad condition. However, they
continue to improve.

The Top Edge Of the Collar Is Smooth!

You'll never find a double
fold collar in a package sent
home from this laundry that
is the least particle rough.

We have machines to iron
this folded edge of these col-
lars, that iron them both
ways, from end to end, and
back.

They can't be rough when
this machine has finished them.

You'll certainly appreciate
this point of our laundry ser-
vice.

LOCAL AND GENERAL

Silkstone—Day Hardware Co. Mrs. W. E. Lord will not receive Thursday of this week.

You'll like Red Deer West. Ask the people who live there.

Do real estate business at R. B. Welliver's office for general satisfaction.

W. Hadley and A. Davies, of the Old Country, have purchased lots 1, 2 and 3, Block 40, Nanton Avenue, from J. Wallace, J.P.

Methodist Hymn Books, Presbyterian Book of Praise, Sacred Songs and Solos, Bibles and Music Books for sale at John McVicar's book store.

Mr. and Mrs. R. C. Brumpton came in on the noon train Monday from the coast and are taking up residence in their beautiful home on Fourth Street North.

The regular meeting of the Alberta Woman's Association has been postponed until Friday, April 26th, when all members are requested to attend at the home of Mrs. W. L. Gibson, at 4 o'clock.

E. Michener has purchased a splendid McLaughlin-Buick automobile, a forty horse power, equipped with self-starter and an independent electric lighting system. Mrs. Parke's new car arrived on Monday.

Mr. and Mrs. J. W. P. Hammond and family arrived on Monday from Burlington, Ont. They will reside in Lady Eileen Campbell's house on Victoria Ave. Mr. Hammond will go into business with his uncle, C. W. Parke.

M. Mecklenberg, A.M., the celebrated and 25 year experienced eye specialist, of Archibald Block, Edmonton, will again be at the Arlington Hotel, Red Deer, Friday, April 26th. Spectacles, eye glasses, and artificial eyes the very best at moderate charges. Absolute satisfaction guaranteed.

Chas. Dull and Al. Shanady have purchased the interest and good will of Geo. Chapman in the feed stable known as the Bannerman barn, Gaetz Avenue South. Mr. Chapman says the young man has thoroughly reliable and worthy of a share of public patronage. Mr. Chapman goes to his homestead near Pine Lake.

A good business education is something which you can have when you make up your mind that you really want it; and surely it is worth while, for it means a better position, a higher salary, and independence.

If you want the power to grasp these opportunities take a course in the Red Deer Business College, P.O. Block.

F. W. Plank, of the Red Deer Development Co., received the sad intelligence on Wednesday last of the death of his brother, Charles C. Plank, of the Massey-Harris Co., Lacombe, from pneumonia, aged 20 years.

After a short service at Lacombe the body was taken east to Oran, Ont., for burial by Fred Plank, who has the sympathy of numerous friends in his bereavement.

The annual meeting of the Red Deer Gun Club will be held on Tuesday night, April 23rd, 1912, in the Oddfellows' Hall. It will take the form of a "smoker," as has unfortunately been found impossible to hold the dinner as first planned.

Each member of the Gun Club is to invite a friend, and an enthusiastic turnout is expected, as the prospects for a strong and flourishing club this year are excellent.

F. H. McLean, of the firm of McLean Bros., general merchants, left last week for the east, where he will act as buyer for this well known firm. This step was necessary owing to the increased business being done by them. Mr. McLean will make his headquarters in Montreal, where he will be in touch with eastern mills and manufacturers. Mr. McLean's many friends will regret his departure for the east.

Before going to bed tonight draw a ring around Monday, April 22, on your calendar, and make a note reminding you to get tickets for the entertainment given by J. W. Hengough, the cartoonist, singer and raconteur. Come and have a good laugh. Bring your wife and give her a good laugh. If you haven't got a wife bring someone who may subsequently occupy that desirable position. Reserved seats 75 cents, rush seats 50c, children 25 cents.

Silkstone.—Day Hardware Co. Just \$10 secures a lot in Red Deer West.

NO ROOM IN TOWN.
No less than thirty persons attending court were unable to secure rooms in town yesterday on the arrival of the train. Something must be done to remedy this grievous wrong to the travelling public. The Board of Trade should grapple with the question at once and try to find a solution to the problem of accommodating the travelling public, who are entitled to the best consideration we can give them. Unless more hotel accommodation is soon provided the town will receive a black eye from which it will not recover for some time.

JEANNE TOWLER IN "THE WHITE SISTER."
Plays that are endorsed by the church, and yet have a potent appeal to the average amusement seeker, are rarities. The one brilliant exception that proves the rule today is Viola Allen's remarkable success "The White Sister," which is booked for the Lyric Theatre, on right, Thursday, April 25, with that beautiful emotional genius Jeanne Towler in the title role and a company of metropolitan players, supporting her.

"The White Sister" will be one of the biggest events of the local dramatic season, coming here direct from a three day engagement at the Sherman Grand in Calgary.

SUPREME COURT.

The Supreme Court sittings opened yesterday with Judge Scott presiding.

Among the criminal cases are the following:

Fred R. Carlson, murder, near Castor.

Frank Oakes, W. Coffin, and J. E. Chute, cattle stealing at Innisfail.

E. Filatro, Harry Drysdale, L. B. Ketchum, F. Summerton, John Warrnow, cattle stealing at Stettler.

W. De Witt, cattle stealing at Cranmer.

G. Patterson, indecent offenses.

The Order of Owls

The most sublime "Order of Owls," who have a membership of over one million strong in the United States, Canada, Alaska, Mexico, Cuba, Porto Rico, Philippines, Sandwich Islands, New Zealand, Australia, South Africa, South America, and are organizing in European countries, have been organizing in this town for the past three weeks, intend celebrating the occasion by giving a concert in the Oddfellows' Hall on Thursday evening, April 26th, at 8 p.m.

Mr. Davis will have charge of the musical programme, and Mr. Juckling, the talented elocutionist, will give some of his best selections.

The organizers will be in attendance and will be glad to answer any questions regarding the Order.

The charter will close immediately after the meeting.

THE ORDER OF OWLS is a four-degree secret society of good fellows who believe in love, laughter and the Kingdom of Heaven on earth. It does not believe in postponing one's enjoyments until death. It teaches good cheer.

OPTIMISM—It says—Light up! Don't frown. A smile is humanity's highlight. A smile will help you on your way—wear one. It may cause you to avoid crushing a flower against a heart on which it is worn.

To many a downhearted fellow your light will give a sense of company. 'Twill help you see the roses by the wayside. There's no discord in a smile. Sorrow flees before a smile. Why not wear a smile? No other thing you can put on is so inexpensive or so becoming.

IT'S CREED IS—If you have a flower to give, give it today. One throb of gladness is worth more to the living than a wealth of costly blooms laid however tenderly about the dead. If you have a kindly visit to make, make it today, lest another step in and lay his quiet hand upon the longing heart and still forever its fret and pain and power of glad response. In the city of the dead, in the city of the grave, hearts are never lonely any more. They do not need or need.

METHOD—It believes you can accomplish more good by praise than censure. It abandons none as hopelessly bad. Says that after all, to the Highest Intelligence or the Creator, as the Scientist or Christian are respectively pleased to term it, we are very much alike.

IT'S MOTTO IS: There's so much bad in the best of us. And so much good in the worst of us. It hardly behooves any of us To speak ill of the rest of us.

IT'S TOAST IS: Here's to the man whose hand Is firm when he holds your own Like a grip of steel that makes you feel You are not in the world alone.

BENEFITS—The amount of benefits is regulated by the Nest By-Laws. It is our duty and pleasure to care for the needy and suffering. An order you support should support you. Your brother in your lodge should be a brother in your business. Other things being equal, he should help you to make money and you should help him in his business. If you help a man when he is on his feet, he will not need your help when he is on his back. The Owls help each other in business.

REFLECTION—We have a beautiful ritual, but no religious observance. Nothing in the ritual is offensive to any man's religion.

INITIATION—After the closing of a charter the initiation is not to be less than \$10.00 and the dues not less than 50 cents per month.

Silkstone.—Day Hardware Co. Just \$10 secures a lot in Red Deer West.

NO ROOM IN TOWN.
No less than thirty persons attending court were unable to secure rooms in town yesterday on the arrival of the train. Something must be done to remedy this grievous wrong to the travelling public. The Board of Trade should grapple with the question at once and try to find a solution to the problem of accommodating the travelling public, who are entitled to the best consideration we can give them. Unless more hotel accommodation is soon provided the town will receive a black eye from which it will not recover for some time.

JEANNE TOWLER IN "THE WHITE SISTER."
Plays that are endorsed by the church, and yet have a potent appeal to the average amusement seeker, are rarities. The one brilliant exception that proves the rule today is Viola Allen's remarkable success "The White Sister," which is booked for the Lyric Theatre, on right, Thursday, April 25, with that beautiful emotional genius Jeanne Towler in the title role and a company of metropolitan players, supporting her.

"The White Sister" will be one of the biggest events of the local dramatic season, coming here direct from a three day engagement at the Sherman Grand in Calgary.

A successful subdivision—Red Deer West.
Silkstone, as soft as silk and as hard as stone, Day Hardware Co. Nero fiddled while Rome burned. Come and laugh at the great Bengough and let your troubles go up in smoke.

Correspondence

Red Deer, March 28th, 1912.
R. B. Welliver, Esq.,
Real Estate Agent,
Red Deer.

Dear Sir:
On behalf of the Devon Estate Syndicate, I wish to express our appreciation of the business-like manner in which you have handled the subdivision.

It is about six weeks since you commenced to push the sale of this property, and today not one lot is left. We beg also to thank you for the promptness with which returns for sales have been made. It has been a great pleasure and a satisfaction to deal with you, and you are at liberty to make use of this unsolicited testimonial in connection with your business, if you desire to do so.

Very sincerely yours,
W. H. Cottingham, Captain.
Silkstone, the sanitary finish.—Day Hardware Co.
